Declares Dividend of \$0.25 per Share for Third Quarter

MEDFORD, OR--(Marketwired - Oct 20, 2016) - Lithia Motors, Inc. (NYSE: LAD) today reported the highest third quarter revenue and earnings per share in company history.

2016 third quarter unadjusted net income was \$54.0 million, or \$2.14 per diluted share, compared to \$43.4 million, or \$1.64 per diluted share, for the third quarter of 2015. Adjusted net income for the third quarter of 2016 was \$52.0 million, or \$2.06 per diluted share, compared to 2015 third quarter adjusted net income of \$53.6 million, or \$2.03 per diluted share.

As shown in the attached non-GAAP reconciliation tables, the 2016 third quarter adjusted results exclude a non-core benefit of \$0.08 related to an equity investment. The 2015 third quarter adjusted results exclude a \$0.39 non-core net loss related to an employee transition agreement partially offset by an equity investment.

Third quarter 2016 revenue increased \$185.1 million, or 9%, to \$2.3 billion from \$2.1 billion for the third quarter 2015.

Third Quarter-over-Quarter Operating Highlights:

- Total same store sales increased 4%
- New vehicle same store sales increased 1%
- Used vehicle retail same store sales increased 11%
- Service, body and parts same store sales increased 10%
- Same store F&I per unit increased \$98 to \$1,302
- SG&A expense as a percentage of gross profit was 67.6%

For the first nine months of 2016, revenues increased 8.8% to \$6.4 billion, compared to \$5.9 billion in the first nine months of 2015. Unadjusted net income for the first nine months of 2016 was \$5.69 per diluted share, compared to \$5.10 per diluted share for the similar period in 2015. Adjusted net income per diluted share for the first nine months of 2016 increased 5.5% to \$5.57 from \$5.28 for the first nine months of 2015.

"Though considerable opportunities remain, we delivered record results in the third quarter," said Bryan DeBoer, President and CEO. "Our store leadership increased revenue in all departments, though selling expense grew slightly. In the moderating new vehicle sales environment, sustaining sales volume and taking market share from our competitors is crucial to future incremental used vehicle and service transactions, and maintains high performance levels for our manufacturer partners to earn continued support for acquisitions. Our entrepreneurial leaders are adjusting to the dynamic marketplace and will seek continued earnings growth in the future."

Corporate Development

Through October of this year, we have completed the acquisition of 14 stores and opened one store: the Carbone Auto Group, a nine store platform based in New York and Vermont; a Subaru store in Riverside, California, a Toyota store in Milford, Massachusetts, a Ford store in Thousand Oaks, California; a Volkswagen store in Freehold, New Jersey, a Ford store in Casper, Wyoming and an Audi store in Calabasas, California.

Mr. DeBoer added, "As we have previously discussed, the benefit of a moderating new vehicle sales environment is the rationalization of acquisition price expectations. We have added over \$1.0 billion in estimated annualized revenue so far this year, and are optimistic that a significant number of targets remain available. By seeking stores where opportunities to improve performance are plentiful, we position ourselves to purchase at attractive multiples and generate industry-leading return on investment. Additionally, our low leverage ratio should ensure borrowing capacity to remain acquisitive through the vehicle sales cycle."

Executive Officer Changes

Effective January 1, 2017, Chris Holzshu, Senior Vice President and Chief Financial Officer, will be promoted to Executive Vice President and Chief Human Resources Officer. John North, Vice President, Finance and Chief Accounting Officer, will be promoted to Senior Vice President and Chief Financial Officer.

Commenting on the changes, Mr. DeBoer stated, "Given our ambitious growth objectives, ensuring we maximize employee potential to further improve our performance-based culture is critical to our success. Chris' promotion emphasizes the importance of each and every team member and how accelerating employee development to earn customers for life is vital to our future. As Executive Vice President, Chris will lead our human resource, information technology and store administration teams. Additionally, I am pleased with the success of our leadership development as demonstrated by John's promotion to CFO. Both Chris and John exemplify our core values of continuous improvement and personal

ownership. On behalf of the entire organization and our Board of Directors, congratulations."

Balance Sheet Update

We ended the third quarter with \$24 million in cash and \$122 million in availability under our credit facilities. Additionally, approximately \$258 million of our operating real estate is currently unfinanced, which we estimate could provide \$193 million in capital, for total potential liquidity of \$339 million.

Dividend Payment and Share Repurchase

Our Board of Directors has approved a dividend of \$0.25 per share related to third quarter 2016 financial results. We expect to pay the dividend on November 25, 2016 to shareholders of record on November 11, 2016.

In the third quarter 2016, we repurchased 44,250 shares at a weighted average price of \$84.12 per share. In the first nine months of 2016, we have deployed \$108 million to repurchase 5% of our outstanding float or 1.2 million shares at a weighted average price of \$79.05. Approximately \$197 million remains available under our existing repurchase authorization.
